

# Volunteer Opportunities for All Ages

## Lifeline Friendly Visitor

Friendly Visitors are matched with one of our clients. These clients live independently in homes or apartments as well as in assisted living centers. We ask volunteers to connect with their assigned client at least two times a month (with one time being in-person). These Friendly Visitors provide companionship as well as a helping hand. Visits are typically in the client's home but can also include grocery shopping trips, errands, or lunches, depending on the client's needs and the volunteer's availability.

## Medical Appointment Facilitator

Occasionally, GSI clients need help with their medical appointments. Our Medical Appointment Facilitator Volunteers assist with transporting clients to medical appointments and taking notes when requested by the client or case manager. Volunteers DO NOT make any decisions or give any input on medical treatments. We match volunteers based on their availability and geographical preference.

## Financial Errands

GSI provides many financial services to our clients and we need volunteers to run financial errands once a month. Errands can include depositing client checks at the bank, picking up bus passes, or counting cash and creating cash allowance envelopes at our office.

## Birthday Club

Help bring birthday greetings to our Money Management clients by donating time as well as a small gift (less than \$20) and birthday card. Volunteers select the day, week, or month they prefer to deliver birthday greetings to GSI clients. Birthday gifts can be delivered by volunteers directly or dropped at our office.

## Care Bags

A perfect way for your family or small group to make a meaningful difference is to donate your time and money to create care bags that are delivered to GSI clients once a month. Care bags should be gallon-sized ziploc bags filled with items from the approved list, such as hand soap, socks, large print crosswords, coloring books, crayons, etc. Once finished, volunteers deliver care bags to the GSI office.
